

Thank you for your interest in working with **Broadtrade Groups**. We are pleased to share the following project opportunity and invite your company to review the attached **Request for Quotation (RFQ)** and project specifications. Whether you are a **client, supplier, vendor, contractor, manufacturer, distributor, service provider, or other qualified business partner**, we welcome the opportunity to explore how your products, services, or capabilities may support this project. If the opportunity is relevant to your organization, we would be pleased to discuss the requirements and explore a potential business relationship.

PROJECT DOCUMENTATION

Project Specifications & RFQ Requirements

Project specifications, technical requirements, quantities, delivery information, commercial requirements, and other relevant project details.

RFQ Reference: **RFQ-20260727-146**

[View Specifications](#)

Please Review the Specifications

Please review the complete specification and RFQ package before responding. The documentation may include technical requirements, product specifications, quantities, delivery requirements, commercial terms, schedules, and other project information necessary to evaluate the opportunity.

Information We Welcome

If the project is within your capabilities or areas of interest, please provide the information applicable to your organization:

- Product or service availability
- Pricing or formal quotation
- Available inventory or capacity
- Estimated lead time
- Delivery or implementation schedule
- Warranty and support information
- Alternative products or proposed solutions
- Relevant qualifications, experience, or capabilities

We Welcome the Opportunity to Work Together

We understand that every organization may approach the requirements differently. If you have questions, recommended alternatives, additional capabilities, or a different solution that may better address the project

requirements, please feel free to share them with us. Our goal is to identify qualified partners and practical solutions that create value for all parties involved.

Next Steps

After reviewing the RFQ and specifications, please let us know whether you are interested in participating. If there is a potential fit, Broadtrade Groups would be pleased to discuss the requirements, answer questions, review your proposal or capabilities, and explore the possibility of working together.
